Re: Grant #2158

Dear Dr. Terhorst:

The Scientific Director and CTR's staff have discussed your letter of December 29 concerning partial support of the FASEB Conference "Lymphocytes and Antibodies" to be held in Saxton's River June 7-12, 1987.

This is a topic of interest to the Council, and the list of speakers suggests that the quality of the meeting will be very high. We certainly consider support of such conferences important to our mission. I therefore am pleased to tell you that we will make a contribution of \$2,500.00 (the maximum amount we allocate for the support of a meeting) to help defray the costs of the symposium. A check for that amount is enclosed with this letter.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We also would very much appreciate it if the conference organizers would hold open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
